Comprehensive School Safety Plan

Gateway College and Career Academy

Section 1: General Information – School Safety
--

Part 1: School Commitment to Safety

Gateway College and Career Academy is committed to ensuring that students enrolled in this school, and all employees attend campuses that are safe and secure. The School believes that a beginning step toward safer schools is the development of a comprehensive plan for school safety. The School intends that parents, students, teachers, administrators, counselors, classified personnel, and community agencies develop safe school plans, including local law enforcement. The school will review these safe school plans on an annual basis and proposed changes will be submitted to the Board for approval.

Comprehensive School Safety Plan

Gateway College and Career Academy
Section 1: General Information – School Safety
Part 2: Legislative Requirements

The California Education Code (sections 35294-35294.9) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

This requirement was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 187/SB 334 to contain the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Sexual harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

Section 1: General Information – School Safety
Part 3: Maintaining a Safe and Orderly Environment

It is a priority of the administration and staff at Gateway College and Career Academy that every student who attends our school will be provided with an environment in which the students not only feel physically safe, but that there is also a positive school climate in all activities both in and out of the classroom.

Our administration and staff desire to provide an orderly, caring, and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements.

Our administration encourages staff to teach students the meaning of equality, human dignity, and mutual respect, and to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds.

Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school. Staff shall encourage and reward success and achievement, participation in community projects, and positive student conduct.

Our school promotes nonviolent resolution techniques in order to encourage attitudes and behaviors that foster harmonious relations. Staff shall receive training, which implements and supports conflict resolution (California Education Code Sections 32230-32239, 35160, 35160.1, 44806).

Gateway College and Career Academy remains in compliance with existing laws related to school safety. This manual outlines several elements critical to maintaining a safe school environment.

Section 2: Child Abuse Reporting

Part 1: Child Abuse Reporting Procedures
--

Child abuse reporting law (Penal Code Section 11166) requires that Gateway College and Career Academy employee who has reason to believe that a child has been subjected to abuse, report the incident to the proper authorities.

At Gateway College and Career Academy, protecting children from child abuse is a major priority. Each year staff discuss child abuse indicators and are reminded of the procedures to follow when abuse is suspected.

Employees of Gateway College and Career Academy are familiar with Penal Code Section 11166 and understand the requirement that certificated and classified personnel report suspected child abuse immediately or as soon as practically possible to the Principal or to Children's Protective Services by telephone. They are aware that a call must be followed within at least 36 hours by a written report to the child protective agency.

The determination as to who should be contacted will depend greatly upon the situation at hand. The Riverside Community College District Police Department will dispatch a unit to the school as soon as possible. Children's services may take much longer to respond. School personnel should always take into consideration the severity of the abuse and the extent to which the student's safety is at risk. If in doubt, it is better to err to the side of caution by calling the Riverside Community College District Police Department.

Section 2: Child Abuse Reporting
Part 1: Child Abuse Reporting Procedures

The requirements of school personnel and the identification and reporting of known or suspected child abuse to a protective agency is mandated by the State of California Penal Code. In fact, failure to do so on the part of school personnel could lead to penalties which might be imposed on these individuals. The Gateway College and Career Academy board policy and employee handbook are continually updated to reflect appropriate legislation. Excerpts from the California Penal Code and Gateway College and Career Academy School Board Policy are presented below.

From California Penal Code Section 11166

...any child care custodian, health practitioner, or employee of a child protective agency who has knowledge or observes a child in his or her professional capacity within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse shall report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident.

Gateway College and Career Academy BP 604– Child Abuse and Neglect Reporting

Recognizing that our responsibility to students includes the protection of their physical and mental well-being, the Governing Board desires to provide whatever opportunities or resources may be available for the prevention of child abuse.

The Board agrees with the Legislature that:

1. Child abuse and neglect is a severe and increasing problem in California.
2. School districts and preschools are able to provide an environment for training of children, parents, and all school staff.
3. Primary prevention programs in the school districts are an effective and cost-efficient method of reducing the incidence of child abuse and neglect and for promoting healthy family environments.

Teachers, administrators, supervisors of child welfare and attendance, certificated pupil personnel employees, employees of a child care institution, head start teachers, school psychologists, licensed nurses, counselors, presenters of child abuse prevention programs and those instructional aides or other classified employees trained in child abuse reporting.

4. “Reasonable Suspicion” means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse. (California Penal Code 11166)

Reporting Procedures

1. To report known or suspected child abuse, any employee (as defined above) shall report by telephone to the local child protective agency.

The telephone report must be made immediately, or as soon as practically possible, upon suspicion. The verbal report will include:

- a. The name of the person making the report.
- b. The name of the child.
- c. The present location of the child.

Gateway College and Career Academy
Section 2: Child Abuse Reporting
Part 1: Child Abuse Reporting Procedures

At the time the verbal report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Within thirty-six (36) hours of making the telephone report, the mandated reporter will complete and mail a written report to the local child protective agency.

The mandated reporter may request and receive copies of the appropriate form either from the school or directly from the local child protective agency.

Detailed instructions for completion of the form are on the back sheet of the form. Reporters may request assistance from the site administrator in completing and mailing the form; however, the mandated reporter is still responsible for ensuring that the written report is correctly filed.

3. Employees reporting child abuse to a child protective agency are encouraged, but not required, to notify the site administrator or designee as soon as possible after the initial verbal report by telephone. The site administration, when notified, shall inform the Superintendent.

Administrators so notified shall provide the mandated reporter with any assistance necessary to ensure that the verbal or written reporting procedures are carried out according to state law and school regulations. If requested by the mandated reporter, the Principal may assist in the completion and filing of these forms.

Legal Responsibility and Liability

1. Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.

Section 2: Child Abuse Reporting
Part 1: Child Abuse Reporting Procedures

2. A mandated reporter who fails to report an instance of child abuse, which he/she knows to exist or reasonably should know to exist, is guilty of a misdemeanor and is punishable by confinement in jail for a term not to exceed six (6) months or by a fine of not more than one thousand dollars (\$1,000) or both. The mandated reporter may also be held civilly liable for damages for any injury to the child after a failure to report.
3. When two (2) or more persons who are required to report jointly, have knowledge of suspected instance of child abuse, and when there is agreement, and a single report may be made and signed by the person selected. However, if any person who knows or should know that the person designated to report failed to do so, that person then has a duty to make the report.
4. The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction.

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse, the Executive Director and/or Principal shall not notify the parent or guardian as required in other instances of removal of a child from school, but rather shall provide the peace officer with the address and telephone number of the child's parent or guardian.

It is the responsibility of the peace officer to notify the parent or guardian of the situation. Peace officers will be asked to sign an appropriate release or acceptance of responsibility form (cf. 5145.11 – Questioning and Apprehension).

Gateway College and Career Academy
Section 2: Child Abuse Reporting
Part 1: Child Abuse Reporting Procedures

When School Employees are Accused of Child Abuse.

Regardless of who child abusers may be, the major responsibilities of mandated reporters are to (1) identify incidents of suspected child abuse, and (2) comply with laws requiring reporting of suspected abuse to the proper authorities. Determining whether or not the suspected abuse actually occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency.

Parent/guardians or members of the public accusing school employees of child abuse should be made aware of the ramifications of making false reports and should be provided with information regarding child abuse and child abuse reporting.

Pending the outcome of an investigation by a child protective agency and prior to the filing of formal charges, the employee may be subject to reassignment or a paid leave of absence.

Disciplinary action resulting from the filing of formal charges or upon conviction shall be in accordance with school policies, regulations and/or collective bargaining agreements. The Executive Director or designee should consult with legal counsel in implementing either suspension or dismissal.

Part 11: Suspicious Mail/Packages

All incoming mail and packages should be handled with caution.

Below are indicators of suspicious mail and steps to take in the event that suspicious mail is received.

Mail that ...

- ... is unexpected or from an unfamiliar source
- ... has excessive postage
- ... is addressed to someone who no longer works in the District
- ... is addressed to a current employee but with the wrong title
- ... contains several misspelled words on the envelope
- ... marked with restrictive endorsements such as "Personal" or "Confidential"

- ... mail that is from a foreign country
- ... shows a city or state in the postmark that doesn't match the return address
- ... is lopsided, oddly shaped, or has an unusual weight, given its size
- ... has protruding wires, strange odors or stains
- ... has powdery substance on the outside
- ... has an unusual amount of tape on it
- ... is ticking or making unusual sounds

Not all mail comes perfectly packaged or with accurate information on it, so it is important that employees handling mail remain sensible in the screening of mail. However, prudent scrutiny conducted in a reasonable manner can greatly reduce the school's chances of becoming the victim of attack by mail.

Part 11: Suspicious Mail/Packages

What to do with suspicious mail (general response):

- Do not try to open the package or envelope.
- Do not sniff, taste or shake the package.
- Isolate the package.
- Evacuate the immediate area; close the door.

- If powder is spilled from an envelope or package, do not try to clean up the powder.
- Cover the spilled contents immediately with anything (clothing, paper, trash can).
- Do not remove this cover.
- Leave the room and close the door or otherwise prevent access to the room.
- Wash your hands with soap and hot water.
- Ensure that everyone who had contact with the piece of mail washes his/her hands with soap and hot water.
- Notify your supervisor.
- Supervisor should immediately contact the local police (911) or the U.S. Postal Inspection Service (626-405-1200).
- Supervisor should notify the District Executive Director's Office.

- Shower with soap and water as soon as possible. Do not use bleach or other disinfectant on your skin.
- Make a list of all the people who were in the room or area, especially those who had contact with the envelope or package. Provide this list to the emergency response teams investigating the incident.
- Investigators will remove the envelope or package and conduct a thorough check of the area for contamination.
- If you are prescribed medicine as a result of this exposure, take it until instructed or until it runs out.

NOTE: Contacting the U.S. Postal Service is less likely to create a media event than the local police but their response may be slower.

Part 12: Active Shooter

When a hostile person is shooting a weapon or otherwise causing death or serious injury to other persons on GCCA/RCCD property, or is threatening imminent death or injury, we recommend that students, faculty, and staff take the following steps to try to avoid harm.

- Call 911. Remain calm and answer the dispatcher's questions. The dispatcher is trained to obtain the necessary and required information for an appropriate emergency response.
- If safe to do so, stop and take time to get a good description of the shooter. Note height, weight, sex, race, approximate age, clothing, method and direction of travel, and name, if known. If the suspect is entering a vehicle, note the license plate number, make and model, color, and outstanding characteristics. All of this takes only a few seconds and is of the utmost help to the responding officers.

NOTE: An individual must use their own discretion during an active shooter event as to whether they choose to run to safety or remain in place. However, best practices for an active shooter event are listed below.

IF OUTSIDE WHEN A SHOOTING OCCURS

- Run away from the threat if you can, as fast as you can. Run in a zigzag pattern, and use vehicles, bushes, trees and other objects that could shield you from the view of the shooter.
- If you can get away from the area of immediate danger, call for help (9-1-1) and warn others.
- If you are unable to run away, drop to the ground immediately, face down as flat as possible. If within 15-20 feet of a safe place or somewhere out of the suspect's view, duck and run to it.
- Move or crawl away from gunfire, utilize any obstructions between you and the gunfire.
- When you reach a place of relative safety, evaluate your location, to determine if it is really a good place to hide. If so, stay down and do not move.
- If the suspect is nearby, and causing death or physical injury to people near you, lie down and play dead.
- Wait and listen for directions from the police, campus safety and/or public agency personnel.
- When the police arrive, obey all commands. You may be told to lie face down, raise your hands, or may be handcuffed. This is for safety reasons so the police may evaluate the circumstances. Do not run at the Police.

IF INSIDE WHEN A SHOOTING OCCURS

- If possible, quickly exit the building and evacuate to a safe area away from danger.
- Call 9-1-1 when it is safe to do so

- If not possible to exit safely, stay inside the classroom/office.
- If possible, close and lock the door and barricade it.
- Close the blinds, turn off the lights, remain quiet and move behind objects that may conceal you from the suspect. Stay on the floor, away from the doors or windows, and do not peek out to see what is happening.
- If the armed assailant enters your area, your option may be limited to fighting them to survive. Use anything you can find as an improvised weapon and attack with others if possible.

IF SUSPECT IS OUTSIDE YOUR CLASSROOM/OFFICE

- Stay inside the classroom/office.
- If possible, close and lock the outside door to the room.
- Close the blinds, turn off the lights, remain quiet and move behind objects that may conceal you from the suspect. Stay on the floor, away from doors or windows, and do not peek out to see what may be happening.
- If possible and safe to do so, report the location of the assailant.

IF SUSPECT IS IN CLOSE PROXIMITY

- Lie motionless and pretend to be unconscious.
- Do not attempt to apprehend or interfere with the suspect except for self-protection. An individual must use his/her own discretion about when he or she must engage a shooter for survival.
- If you are confronted by the suspect and are not going to fight back, avoid eye contact and follow all commands.
- A last option, whether inside or outdoors, may be to fight back. Creating a distraction, by yelling or throwing something at or towards the assailant might provide a momentary advantage.

Notice Regarding Student Crimes and Offenses

The Executive Director or designee shall inform the teacher of every student who has engaged in, or is reasonably suspected to have engaged in, any act during the previous three years which could constitute grounds for suspension or expulsion, with the exception of the possession or use of tobacco products. This information shall be based upon written school records or records received from a law enforcement agency. (California Education Code 49079).

When informed pursuant to Welfare and Institutions Code 828.1 that a student has committed crimes unrelated to school attendance which do not therefore constitute grounds for suspension or expulsion, the Executive Director or designee may so inform any teacher, counselor or administrator whom he/she believes needs this information in order to work with the student appropriately, avoid being needlessly vulnerable, or protect others from needless vulnerability. The Executive Director or designee shall consult with the Principal in order to identify staff that should be so informed. (California Welfare and Institutions Code 828.1).

Teachers shall receive the above information in confidence and disseminate it no further. (California Education Code 49079, California Welfare and Institutions Code 828.1).

The Principal or designee shall maintain the above information in a separate confidential file for each student. When such a student is assigned to a class/program, the Principal or designee shall notify the teacher in writing and ask the teacher to initial this notice, return it to the Principal or designee, and review the student’s file in the school office. This notification shall not name or otherwise identify the student.

From Gateway College and Career Academy BP 313 – Suspension and Expulsion/Due Process

A teacher may suspend any student from his/her class, for the day of suspension and the next day for any act listed in “Grounds for Suspension and Expulsion” above.

A teacher also may refer a student to the Principal or designee for consideration of suspension from school.

When removing a student from his/her class, the teacher shall immediately report this action to the Principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been suspended.

As soon as possible, the teacher shall ask the student’s parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist should attend the conference if it is practicable. A school administrator may attend the conference if either the parent/guardian or teacher so requests.

A student removed from class shall not be returned to class during the period of suspension without the approval of the teacher of the class and the Principal.

A student removed from class shall not be placed in another regular class during the period of suspension. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was suspended.

The teacher of any class from which a student is removed may require the suspended student to complete any assignments and tests missed during the suspension.

Pursuant to Board policy, a teacher may require the parent/guardian of a student whom the teacher has suspended to attend a portion of a school day in his/her child’s classroom. Part 5: Suspension by Executive Director, Principal, or Designee

From Gateway College and Career Academy BP 313– Suspension and Expulsion/Due Process

The Executive Director, Principal, or designee may suspend a student from a school for not attending more than five consecutive school days unless the suspension is extended pending expulsion.

The Executive Director or designee shall immediately suspend any student found at school or at a school activity to be:

1. Possessing, as verified by a school employee, or selling or otherwise furnishing a firearm, unless the student has obtained prior written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under “Grounds for Suspension and Expulsion” above.

Suspension also may be imposed upon a first offense if the Executive Director, Principal or designee determines the student violated items (1)-(5) listed in “Grounds for Suspension and Expulsion” above or if the student’s presence causes danger to persons or property or threatens to disrupt the instructional process.

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion.

1. Informal Conference

Suspension shall be preceded by an informal conference conducted by the Principal, designee or the Executive Director with the student and, whenever practicable, the teacher, supervisor or school employee who referred the student to the Principal. At the conference, the student shall be informed of the reason for the disciplinary action and the

evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense.

This conference may be omitted if the Principal, designee or the Executive Director determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school.

2. Administrative Actions

All requests for student suspension are to be processed by the Principal or designee of the school in which the student is enrolled at the time of the misbehavior.

A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Executive Director or designee.

3. Notice to Parents/Guardians

At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension.

This notice shall state the reasons for suspension and the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may also add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference

Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters.

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend.

5. Extension of Suspension

If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Executive Director or designee may, in writing, extend the suspension until such time as the Board has made a decision.

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Executive Director or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process.

1. If such request is made, the meeting shall be public unless another student's privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, and the counsel of the student shall also be allowed to attend the closed session.

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television.

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate written and complete transcription of the proceedings can be made.
3. Presentation of Evidence: While technical rules of evidence do not apply to such hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion."

Findings of fact shall be based solely on the evidence at the hearing. While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of harm.

From Gateway College and Career Academy BP 313 – Suspension and Expulsion/Due Process

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer, or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled.

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified above in “Conduct of Expulsion Hearing.”

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See “Final Action by the Board” below.)

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the finding of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order.

The hearing officer or administrative panel may recommend that the Board suspend the expulsion for a period of one year. (See “Suspension of Expulsion” below.)

The Board shall make its decision about the student’s expulsion within 40 school days after the date of the student’s removal from school unless the student requests in writing that the decision be postponed.

From Gateway College and Career Academy BP 313– Suspension and Expulsion/Due Process

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel must be taken by the Board at a public meeting.

When the Board accepts a recommendation against expulsion or decides after the hearing not to expel, this decision is final and the student shall be reinstated immediately. The Executive Director or designee shall place the student in any classroom program, other instructional program, rehabilitation program, or any combination of such programs after consulting with school personnel, including the teacher involved, and with the student's parent/guardian.

Upon ordering the expulsion, the Board shall set a date, no later than the last day of the semester following the semester in which the expulsion occurred, when the student may apply for readmission to a school within the district.

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendation for improved academic performance, tutoring, special education assessments, job training, counseling, community service and other rehabilitative programs.

Section 6: Sexual Harassment Policy

Part 1: General Information

The administration, teachers and staff at Gateway College and Career Academy actively strive to eliminate acts of sexual harassment at the school. All personnel are aware of the mandates from the State of California, the California Department of Education, and the Board of Education of the Gateway College and Career Academy and support them fully. All personnel have received instruction regarding the recognition, prevention, and reporting of acts of sexual harassment. It is important that parents understand the provisions regarding sexual harassment and, in particular, student-to-student harassment. In recent years, this area of sexual harassment has been more clearly delineated in federal and state legislation as well as in our School's policies.

Section 6: Sexual Harassment Policy

Part 2: Sexual Harassment – All Personnel

From Gateway College and Career Academy BP 605 – Sexual Harassment

GCCA is committed to providing a work and educational atmosphere that is free of unlawful harassment. GCCA's policy prohibits sexual harassment and harassment based upon pregnancy, childbirth or related medical conditions, race, religion, creed, color, gender, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, or any other basis protected by federal, state, local law, ordinance or regulation. GCCA will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. GCCA will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted. In addition, the school prohibits retaliation against individuals who raise complaints of discrimination or harassment or who participate in workplace investigations.

All such conduct violates GCCA's anti-harassment/discrimination and retaliation policy.

Prohibited Unlawful Harassment

Verbal conduct such as epithets, derogatory jokes or comments or slurs;

Visual displays such as derogatory and/or sexually-oriented posters, photography, cartoons, drawings or gestures;

Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;

Threats and demands to submit to sexual requests or sexual advances as a condition of continued employment, or to avoid some other loss and offers of employment benefits in return for sexual favors; Retaliation for reporting or threatening to report harassment; and

Communication via electronic media of any type that includes any conduct that is prohibited by state and/or federal law or by school policy; Deferential or preferential treatment based on any of the protected classes above.

Prohibited Unlawful Sexual Harassment

In accordance with existing policy, discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

GCCA is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an

employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual. All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law. Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Executive Director.

Sexual harassment may include, but is not limited to:

Physical assaults of a sexual nature, such as: Rape, sexual battery, molestation or attempts to commit these assaults and intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

Unwanted sexual advances, propositions or other sexual comments, such as:

Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.

Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.

Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:

Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.

Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and

Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation, filing of a complaint or reporting sexual harassment.

GCCA will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation.

While in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities.

Reasonable Accommodation

Discrimination can also include failing to reasonably accommodate religious practices or qualified individuals with disabilities where the accommodation does not pose an undue hardship.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, the school will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee unless undue hardship would result.

Any job applicant or employee who requires an accommodation in order to perform the essential functions of the job should contact a school representative with day-to-day personnel responsibilities and discuss the need for an accommodation. The school will engage in an interactive process with the employee to identify possible accommodations, if any that will help the applicant or employee perform the job. An applicant, employee or unpaid intern who requires an accommodation of a religious belief or practice (including religious dress and grooming practices, such as religious clothing or hairstyles) should also contact a school representative with day-to-day personnel responsibilities and discuss the need for an accommodation. If the accommodation is reasonable and will not impose an undue hardship, the school will make the accommodation.

The School will not retaliate against you for requesting a reasonable accommodation and will not knowingly tolerate or permit retaliation by management, employees or co-workers. All requests for accommodations will be kept confidential to the extent necessary to effectuate the accommodation.

Section 8: Safe Ingress and Egress
Part 1: General Information

Gateway College and Career Academy takes pride in being a school that has a mission to provide a safe environment for all students, parents, and school employees. Our School will take measures to ensure safe ingress and egress to and from the school for pupils, parents, and school employees. Safe ingress and egress will be maintained by periodic reviews of the procedures for ingress and egress. The school will ensure that all passageways to and from school buildings, corridors within school buildings and emergency exits remain clear of all obstruction to allow flow of pedestrian and vehicular traffic. The school will also ensure that potential obstructions and hazards are removed from such areas. To achieve this goal, the school works closely with the Riverside Community College District to ensure that the school's immediate community is safe.

Through the joint efforts of site administrators, faculty, and RCCD, Gateway College and Career Academy has developed a plan to ensure the safe arrival and departure of students, staff, and visitors. Gateway College and Career Academy encourages input from our community and reviews this plan on an annual basis.

Any problems associated with safe ingress and egress will be addressed immediately.

B. Expectations for Student Conduct and Behavior

Gateway College and Career Academy expects students will conduct themselves as responsible members of the school and College community. Gateway College and Career Academy assumes that students will observe standards of conduct, which are appropriate to the pursuit of educational goals. It is assumed that the conduct will enhance the educational experience, not disrupt it. RCCD has a code of student conduct that the student must follow. This policy covers attendance, grading, conduct violations, such as cheating, plagiarizing, alcohol and drug use, disruptive conduct and dismissal. These policies are discussed in the Riverside Community College Student Handbook. (Reference Riverside Community College District Regulations for Policy 6080, Student Discipline and Due Process) Both Gateway College and Career Academy and the Riverside Community College District will retain an independent right to investigate student conduct violations and to take disciplinary actions under their respective policies appropriate to the circumstances.

The student may be required to bring documentation to excuse the tardy. The student and the Counselor will meet regularly to review the student's progress.

If the student does not meet the expectations of the Behavior Success Contract, the student risks being suspended or expelled from the school.

D. Suspension

Gateway College and Career Academy students will be enrolled in college classes and therefore must adhere to the Riverside Community College District standards for student conduct as described in the Riverside Community College Student Handbook and the Gateway College and Career Academy Student Handbook. Students who violate these policies, who are a serious disruption to the education process, and/or who present a health or safety threat may be suspended for up to ten school days.

1.1 If the student is under 18 years old, the school will notify and confer with the student's parent or caregiver as soon as possible regarding the suspension.

E. Expulsion

If the violation of the discipline policies is a serious offense that merits expulsion, and/or if the student presents a threat to the health and safety of the student or others, the school may take action to expel the student.

a) In such cases, the school will send a written notice of the facts, allegations, and student/parent rights to the parent or caregiver and a committee designated by the governing board will hold a hearing regarding the offense.

- b) If the governing board determines that the case merits expulsion, the student may be expelled or may have the expulsion suspended and be placed on probation. If the student violates the terms of the probation he/she may be expelled from the school.
- c) These processes will be amended as required by law to protect the rights of students with disabilities or exceptional needs. This includes, but is not limited to, convening an Individualized Educational Plan team meeting if a suspension or series of suspensions totals more than ten days or in the event that expulsion is recommended.
- d) Gateway College and Career Academy will notify the school district of any expulsions and will include suspension and expulsion data in its annual performance report.

Comprehensive School Safety Plan

Gateway College and Career Academy
Section 12: Opioid Safety/ Emergency Plan
Part 1: Specific Guidelines

From Gateway College and Career Academy BP 214 – Administration of Opioid Antagonist

Purpose:

The purpose of this policy is to establish guidelines for the administration of naloxone hydrochloride or another opioid antagonist in the event of an opioid overdose emergency within the school setting at Gateway College and Career Academy (GCCA). This policy aims to ensure a prompt and effective response to such emergencies while providing appropriate training and protection for qualified personnel.

Authority:

This policy is enacted pursuant to Education Code Section 49414.3, which grants school districts, county offices of education, and charter schools the authority to provide and administer naloxone hydrochloride for opioid overdose emergencies.

SB 10 Was established to:

- Require local education agencies (school districts, county offices of education, and charter schools) to embed opioid overdose prevention and treatment in their School Safety Plans, including synthetic opioids, such as fentanyl; and
- Distribute Opioid Antagonist Training & School Resource Guides to all local education agencies regarding the emergency use of opioid antagonists, such as naloxone, on school campuses; and
- Distribute safety advice to families regarding opioid overdose prevention including through student orientation materials and through posting online information; and
- Establish a State Working Group on Fentanyl Overdose/Abuse Prevention focused on public education, awareness, prevention and minimizing overdoses; and
- Set up a framework to incentivize County Working Groups on Fentanyl Overdose/Abuse Prevention like the successful model in Santa Clara County through a new state grant program

Schools, school districts, and institutions of higher education (IHE) may find the threat of opioid misuse and abuse affects their population in several possible ways:

- Students may use or abuse opioids themselves, leading to issues with drug dependence, addiction, and even the potential for overdose.
- Parents, guardians, family members, or roommates of students may be dealing with addiction issues at home, with members of their household using or abusing opioids themselves (and parents and guardians may be unaware that opioids they have in the home are being taken by their children).

- Teachers, faculty, and staff may have opioid use or abuse issues.
- Use by any member of the educational community might bring drugs physically to the campus grounds (and in some cases, lead to drug dealing on or around the property).
- Corollary issues that result from drug use and abuse might affect school/IHE members or the community as a whole, such as increased property crimes, fighting, vandalism, and the presence of weapons, other drugs or alcohol, or discarded drug paraphernalia that affects the overall safety of the environment and students' sense of safety.

Several important drug and opioid-related terms and definitions are as follows:

- **Opioids** are a class of drug prescribed by doctors to treat moderate to severe pain. Common types of opioids are oxycodone (OxyContin), hydrocodone (Vicodin), morphine, and methadone.
- **Fentanyl** is a synthetic (i.e., created by artificial chemicals) opioid, which is 50 to 100 times more potent than morphine.
- **Naloxone** is a medication that can quickly reverse an opioid overdose by restoring the normal respiration of a person whose breathing has slowed or stopped. The drug is an opioid antagonist, which means it binds to opioid receptors and can reverse and block the effects of other opioids. Naloxone can be given by injection, autoinjection via an Evzio device, or prepackaged Narcan nasal spray.

Comprehensive School Safety Plan

Gateway College and Career Academy
Section 12: Opioid Safety/ Emergency Plan
Part 2: How to Respond

Step 1: Evaluate for Signs of Opioid Overdose

Signs of OVERDOSE, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name.
- If this doesn't work, vigorously grind knuckles into the sternum (the breastbone in the middle of the chest) or rub knuckles on the person's upper lip.
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.

If the person does not respond, call 911, provide rescue breathing if the person is not breathing on their own, and administer one dose of naloxone, if available.

Step 2: Call 911 for Help

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION. An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is “Someone is unresponsive and not breathing.” Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher’s instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer’s level of training). Wait for Emergency personnel to arrive at scene before hanging up with operator. Emergency personnel should take over CPR and administer naloxone to individual/s.

DO’S AND DON’TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person’s breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the “recovery position” on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON’T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON’T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON’T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON’T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
